

IN NEED OF SCHOLARSHIP

\$1,160.00 US

**Provides 100% 1 year
fees, room and board**

My name is Kunsang Dolma. I am from a small Tibetan Settlement called Tezu, which is situated in Arunachal Pradesh, India. I have four siblings. My two elder brothers are doing their undergraduates and my elder sister is doing her Buddhist studies at CIHS Sarnath Varanasi. My parents are mere farmers. They have never been to school. But they always provide their best effort to get us an education, sending us far away from home to study in Tibetan schools.

We have been provided free education in the school. I am very grateful to H.H. the 14th Dalai Lama and CIA for providing such kind of golden opportunity. Currently, I am pursuing further studies at Chagpori medical college in Darjeeling. I had done my schooling at CIHS, Sarnath Varanasi. Medical College after appearing entrance exam including NEET. My course BSRSM is for five consecutive years and unlikely my college fee by myself. This is very difficult and almost financially unaffordable for my parents being poor farmers. I would be very glad if your helping hands are on me and providing financial support at this time of extreme need.

Thank You..
